Experience

Autodesk · Product Management Intern

Winter 2021 | San Francisco, CA (Remote)

Currently leading the launch of the Bulk Edit & Multi-select features on Autodesk Build through design, stakeholder management, competitor research, spec-writing.

Dialogue · Product Design Intern

Summer 2020 | Montreal, QC (Remote)

Led research and design to launch an employee-to-employee referral program, increasing product utilization by 150% within no-email organizations.

Conducted 10 user research interviews to understand and address user needs to inform Dialogue's new Employee Assistance Program offering.

PlanGrid · Product Design Intern

Fall 2019 | San Francisco, CA

Designed experiences for Progress Tracking, a new tool focused on monitoring productivity rates and reducing inefficiencies on the construction site.

Created core UI components and audited existing ones for Autodesk Construction Solutions' new design system.

Waterloop Hyperloop Team · Web Designer

Summer 2019 | Waterloo, ON

Spearheaded redesign of the team website to enhance recruitment and attract sponsors. Interviewed key stakeholders to ensure launch success.

Imagine Comms · Full Stack Developer

Winter 2019 | Waterloo, ON

Developed interfaces, features, and bug fixes for a TV payout web app using Angular.

Worked alongside designer to understand operator needs, provided and implemented design recommendations based on insights.

Project

literatura

Jan-Mar 2019

Built and designed a mobile app to promote the discovery of classical literature, implementing Open Library API and a custom API. Redesigned the application by conducting user interviews, producing wireframes, and establishing a style guide.
